This is to provide revised claiming instructions for child care costs incurred on behalf of participants in the Employment Search/Non-GAIN Program. In ACL 87-32, counties were advised that all costs were to be claimed as 50 percent federal, 40 percent state, and 10 percent county. For child care costs only, funding will be 50 percent federal and 50 percent state. All other costs will continue to have a 10 percent county share.

The costs incurred for child care are to be reported on the DFA 325.1B, Direct Costs Detail Schedule. These costs are to be entered on the DFA 327.4D on a separate line entitled "E.S./Non-GAIN Child Care" and carried throughout the claim.
